ORPHAN ASYLUM .- A meeting of the Board of Trustees of the Alexandria Orphan Asylum and Female Free School was held at the Farmers' and Mechanics' Savings Bank this morning with R. H. Miller in the that and W. B. Gregory secretary. There we e present, R. H. Miller, James Green, S. Beach, Marion Hart, James Entwisle, jr., R dert Jamieson, Lewis McKenzie, J. B. Smoot, George R. Shion, Judge E. M. Lowe, and W. B. Gregory. The Board was re-organized by the election of R. H. Miller President, and Andrew Jamieson Treasurer. A commit-tee was appointed consisting of the President and Treasurer to memorallize the Legislature for a change in the charter of the organization reducing the number of the Board of Trustees from twenty to ten, and allowing the surviving members to fill such vacancies as may occur in the Board. A proposition of Mr. T. L. Monroe to purchase a strip of ground three feet wide fronting on Pitt street, from the rear of the Orphan Asylum lot, corner of Pitt and Welf streets, was considered and accepted, and the meeting then adjourned.

RELIEF HOOK AND LADDER COMPANY. -A called meeting of the Relief Hook and Ladder Company was held at the truck house last night. J. M. Steuart, President, in the chair. There were twenty seven members present On motion of J. W. White, a committee of s ven was appointed to draft a petition to Council praying them to obtain the Relief Eugine House on Prince street for the use of the Hook and Ladder Company, viz: J.M. Steuart, chairman, G. A. Mushback, G. E. Entwisle, Jos. W. White, Park Agnew, James Green and R. M. Latham. The secretary reported that there were thirty eight fully equipped members. The meeting then adjourned. The building at present used for a truck house is not considered suitable for the purpose, there being no meeting room, as the upper story is used for one of the public schools. We understand this company, one of the most efficient of the Fire Department, has asked but little of the city, and if its request in this particular can be granted, it will be but an act of justice to provide it with a suitable place, not only for the apparatus, but for meeting purposes.

POTOMAC IMPROVEMENTS -Mr. Chipman yesterday introduced in the House of Representatives a bill for the improvement of the harbor of Washington which provides that the portion of said improvements to be first commenced shall be the closing of the present eastern channel of the Potomac river between Easby's point and the line of the Anacostia channel, the filling of the flats between the main channel and the north shore of the river, and the excavation to the depth of 23 feet at mean low water of said main channel between the above points. The bill appropriates \$1,000,000, and the proceeds of all sales of lands reclaimed by the improvement shall be applied first to reimburse the amounts expended by the United States, and after such full reimbursement all additional sales shall be for the benefit of the District of Columbia.

An amendment providing for an appropriation sufficient to purchase an ice boat to keep the channel open during the winter could be made to this bill with great propriety.

The reports of the president and Treasurer represent the Company as in a prosperous condition, and that the only loss sustained during the whole of the year just past was \$967, which was paid to Jesse Owings, for the destruction of his property at Falls Church.

man named Richard Cox, a brakesman on the Alexandria and Washington Railroad, while engaged in coupling the tender of a locometive with a passenger car at the switch on St. Asaph street, near the turntable, about one o'clock last night, was eaught between the bumpers and so badly mashed that he never spoke after he was hurt, and died almost instantly. The engineer saw him run from between the cars to the palings surrounding the turntable lot, seize hold of them, and then drop upon the unpaved sidewalk; and, upou going to him, found him gasping his last breath. He was originally from Mobile, but the property of his parents having been considerably reduced by the war, they removed to Washington, and to their residence in that city his remains were sent on the first train this morning.

SUNDAY SCHOOL CONCERT.-The preparations for the concert to be given by the children of the M.E. Church South Sunday School, are such as to suggest a delightful evening. At the rehearsal last night, the singing on the part of the children showed decided improvement over previous rehearsals, and if these early indications may be taken as a fair index of what the concert is to be, a grand success for their undertaking may be safely predicted. The object of this concert is to provide a suitable Library for the School, which is increasing in numbers and peosperity. John T. Cooke, esq., has charge of the concert.

ANNEXATION. - The Alexandria correspondent of the Baltimore Sun of this morning says: - Little fear is expressed here of any action on the part of any of the judges of the Supreme Court of the District of Columbia in the case of Jackson, convicted of murder, and now in jail. There was a rumor that he had apphed to Chief Justice Cartter for a writ of habeas corpus, on the ground that, as Alexandria is a part of the District of Columbia, no Virginia court has power to convict for crime here, but it is not supposed that any judge would undertake to try the legality of retrocession in this collateral way.

REHEARSAL. - The adjourned meeting of the singers who are practicing for the anniversary of the Y. M. C. A., (to be held on the 22d isst.) will meet to-night in the association rooms for a second rehearsal. We are requested to repeat that all the singers of the city, but especially those who rendered the music last year, are invited cordially, to attend these rehearsals.

MAYOR'S OFFICE. - A colored Radical policeman, named Charles Seals, for disorderly conduct and for interfering with the laborers employed by the contractor for grading north

l'itt street, was fined and discharged. A confirmed inebriate named Watkins, who was up for disorderly conduct, was discharged upon a promise to leave the city forthforth.

JAMES RIVER AND KANAWHA CANAL. WASHINGTON, Jan. 14.-Col. Carrington, President of the James River and Kanawha Canal Company, and a number of other gentlemen in the interest of the proposed extension of the work to the Ohio, appeared before the Committee of Commerce of the House this morning, when Col. Carrington made a lucid statement of the present condition and future prospects of the Canal and the great good to result to the people of the West as well as to those along the line, for the extension of the

work to the Ohio, connecting its waters with those of the Chesapeake and making one of the cheapest and best lines for the conveyance of produce from the west to the east in the country; urging it as a great national work and deserving of the fostering care of government for which an appropriation was asked on the most favorable terms.

Col. R. W. Hughes will to-morrow address the committee in advocacy of an appropriation by Congress to the canal, and will be followed by several other gentlemen from Virginia, all deeply interested in the completion of the

A Caving In.

RICHMOND, VA., Jan. 14.-About nine o'clock this morning there was a caving in near shaft No. 2 of Chesapeake and Ohio tunnel, which is now being cut through Church Hill to connect that road with the river. The temporary frame work inside the tunnel gave way and the earth caved in from the surface, making a chasm of about one hundred feet long, sixty feet wide and twenty feet deep. Three small building used as kitchens, were carried down, but fortunately no residences were located immediately over the tunnel at that point. No one was injured by the accident, as it was not unexpected and notice had been given of the danger. A gang of workmen had been engaged in the tunnel for two days trying to srtengthen the frame work, but there had been sufficient warning from the cracking and giving way of the timbers for tl en to make their escape.

weather and the ice in the river will begin to show sigus of breaking up. Shucked oysters continue to arrive in quantities sufficient to supply the demand from Baltimore, Annapolis and Norfolk. Oysters in the shell were quoted in Baltimore this
